ABOUT ME

Hallo, I am Egi Septian, a Software Tester with passion in designing test scenarios for software usability, running tests case, and preparing reports. I have six years of experience in testing web and desktop application. And I'm also very interested in Data Management. I had done training as a Data Engineer with one month super intensive boot camp.

WORK EXPERIENCE

PT. SIGMA CIPTA CARAKA (TELKOMSIGMA) 2016 - Present

- Designing test scenario using Ms. Word and Google Docs
- Running test script
- Recording bugs error using Jira, Bugszilla and Google Sheet
- Preparing reports
- Collecting data using SQL Developer
- Presenting data using Ms. Power Point
